

GUIDELINES FOR TRANSFER CREDIT FOR THE TWO COURSE UNIVERSITY REQUIREMENT IN PHILOSOPHY

1. Courses must be taught at a four year institution that offers the B.A.
2. Though exceptions are possible, courses usually must be taught (a) at an institution that offers the philosophy major, and (b) by a regular full-time faculty member of a philosophy department.
3. As at Notre Dame, courses that are primarily about logic or mathematics, or are otherwise technical courses (for example, Critical Thinking, Philosophy of Mathematics, Philosophy of Quantum Mechanics), cannot fulfill the university requirement.
